

Name of Grant: Science + Smartboard = Success Date: April 5, 2007

## Newcastle Education Foundation Grant Recipient Progress Report

- Recipient(s) Name: Karen Wehling  
 High School     Middle School     Elementary School     Other
- Funds allocation to date (beginning balance – money spent): \$2000 towards the purchase of a Smartboard.

- Products/Services received to date: Smartboard set up in my room on March 8, 2007.

- Project Implementation/Success to date: Immediate implementation of Smartboard with the study of oceans and the water cycle. I am also able to project the textbook onto the Smartboard to help students better understand difficult concepts. I am finding many internet resources to supplement and enhance our science curriculum.

- Feedback from Students/Parents: Students are very excited about the smartboard. They are much more focused when it is in use. It even helps with discipline because students are so interested in it.
